Select any of
the options

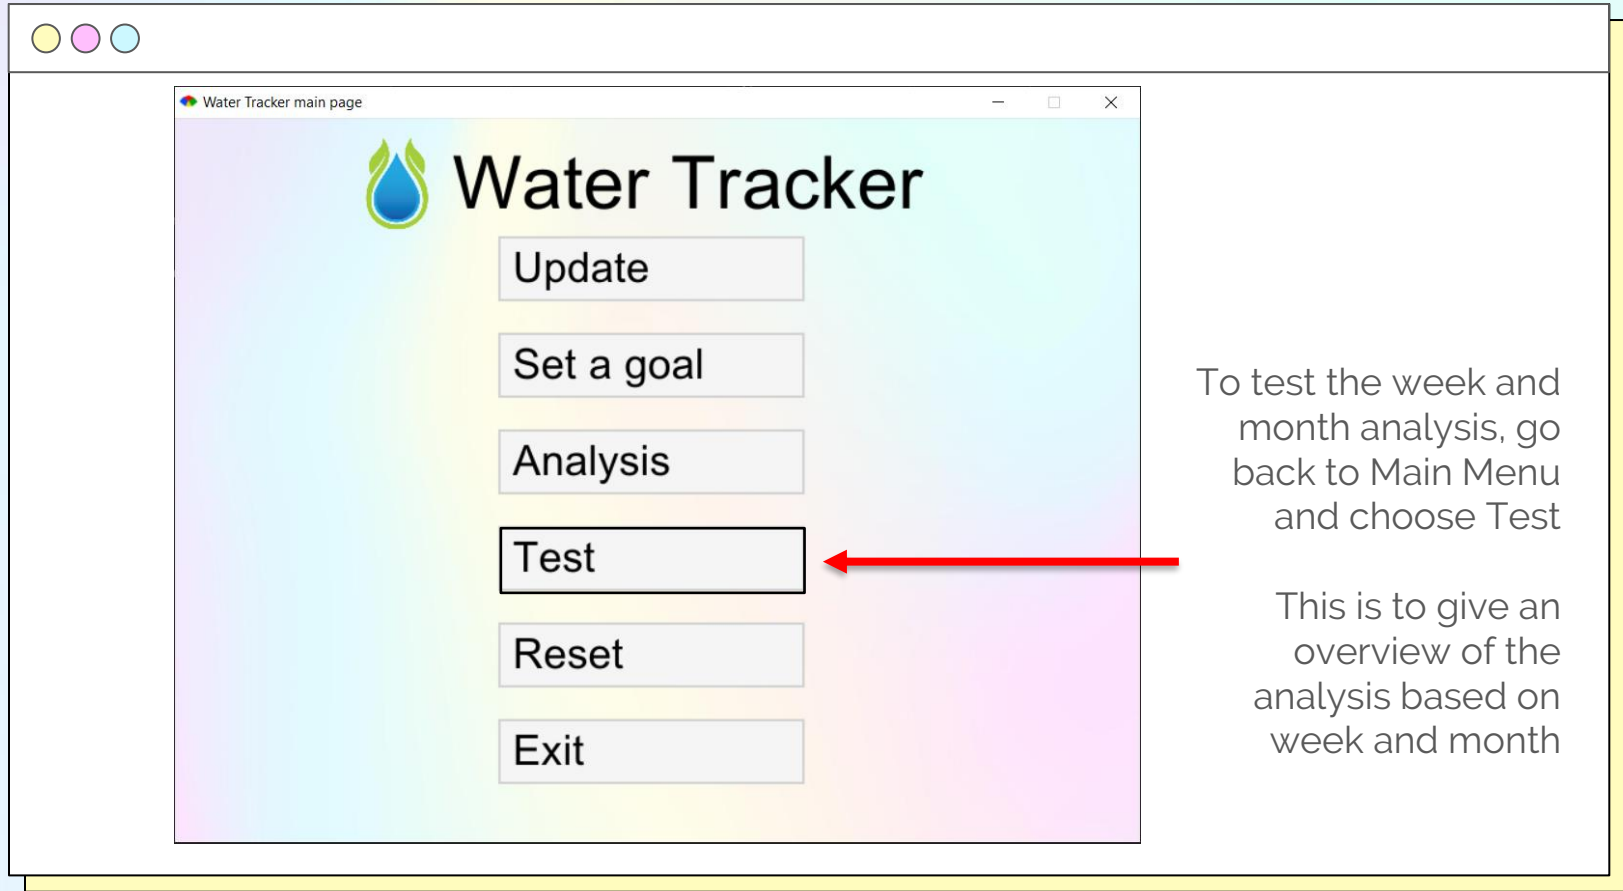

Analysis

Testing & Reset

This part is purposely for the lecturer to view what are the week and month analysis look like

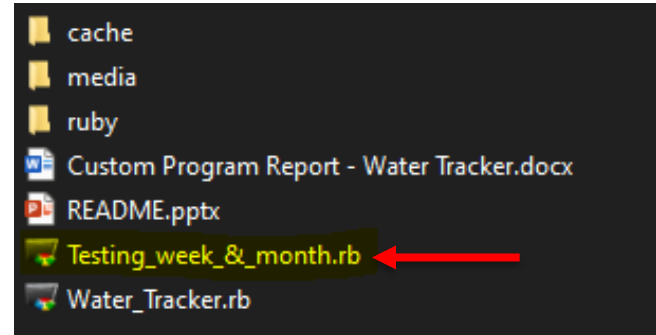

To test the week and month analysis, go back to Main Menu and choose Test

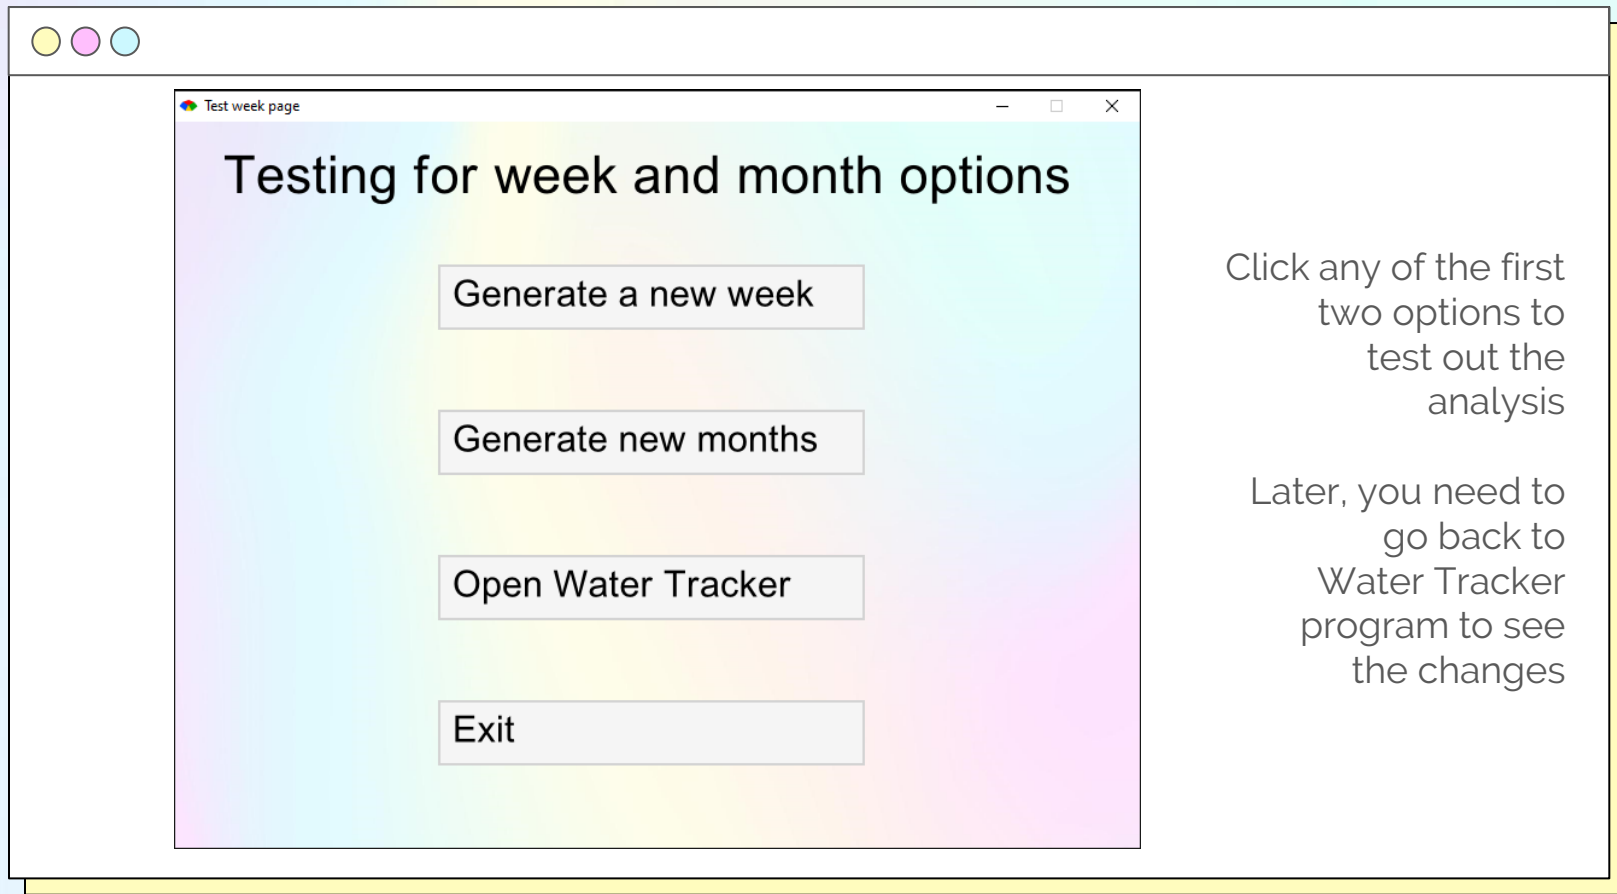

This is to give an overview of the analysis based on week and month

Or,
If you want to test
side by side,

Click
Testing_week_&_month.rb

This will help you to
see the changes directly

Congratulations!

**You can now keep track
of your daily water intake**

Thank You!
